

May 7, 2020

We are pleased to announce the RAW SERIES as a part of this year's TT series. This sub-contest is designed for those of us who might prefer a traditional "race-feel" or those who cannot commit to attending all of the TT races. This format will add raw times from your:

Best two 5 Mile  
Best two 10 Mile  
Best one 40k  
Best two Hill Climbs

You can find results for this format from previous years on our website. Your name will be populated for 2020 once you have the 7 qualifying events.

This sub-contest will take back seat to our main handicapped contest and will be for bragging rights only. It will not be a part of the 2020 award ceremony.

Ride on.
